

The Alsops

serving with **FAMILYLIFE**[®]

Notes from the field...

Every day we receive emails, letters and messages from people who are being impacted by the message and material that **FamilyLife** is producing and distributing through events, radio, books, podcasts and materials. We wanted to take some time this month to share some of those stories with you. This first one is a message we received from a man in Montana.

This last weekend I invested in our MARRIAGE. It was EYE OPENING & AMAZING. I CAME HOME WITH REAL

TOOLS TO TURN A GREAT MARRIAGE into an EXTRAORDINARY ONE. No matter WHO or where your relationship is, there were couples there that represented my past struggles and victories. Trust me, the journey to go this last weekend was NOT easy ... 1100 miles in one weekend. I will return in one year for another AMAZING weekend with the most important person in my LIFE. I have never seen my wife SO excited about our life as she is right now. Our plans are to bring this to our church.

Hopefully you will share this note regarding **Stepping Up** book and resources. I read the book for self

growth in September last year and worked though the discussion questions for my self. I have been leading Men's Discipleship sessions for years, and could not wait to do this study with the men. The whole package is utterly tremendous. For all those who contributed thank you and thank them. I am 67 years old and the Lord has seen fit to use me in Men's Discipleship, and I assure you if there were only one study to use with men for the remaining time I have on planet earth this would be it. Thanks so much. — Jim

FamilyLife Spanish training manual has been printed in braille! Carmen Gloria Cruz and her husband, Jaime are attending our **FamilyLife** training event in Vina del Mar, Chile. Carmen Gloria is blind. She is also a high energy organizer and small group bible study leader. She works as a secretary for a ministry to the handicapped. This ministry has the software and the equipment to convert a pdf file into a braille document . Praise God! For the first time blind couples will have this material in Braille!

April 2013

PRAYER REQUESTS

- Continue to pray for the Content Team as we edit and evaluate materials to change the lives of people around the world. Pray for God to mold and shape our team for His purposes.
- Over 760 people have come to know Christ this spring at a WTR event! Please pray for them.
- Pray for Nick as he works to upload FL broadcasts onto the new ministry website.
- Pray for our daughter, Katie, who is finishing her sophomore year at college. She will be transferring to a college closer to home next year..
- Pray for Lisa as she organizes the homeschool national speech and debate championship. Over 600 students will be competing.

Under His Mercy,

Our Address:
