HAPPY EASTER

HE IS RISEN!

Share the story with someone.
REZ EGGS can help!

We love watching Easter comes to life in little hearts!

Since 1995, 1.5 million sets of Resurrection Eggs® have been used to share the life-changing message of Jesus with children around the world! This simple product, which includes a dozen plastic eggs containing different objects that symbolize parts of the Easter story, has been invaluable to parents, Sunday school instructors, pastors, Bible study leaders, and many others. And children just love them!

Children love teachables that they can see and touch. Resurrection Eggs® are easy to use from home to classroom to neighborhood hunt. Our durable plastic egg carton also includes a bilingual booklet in Spanish and English which makes telling the story of each object a simple joy. Free printable Mine-To-Make pages are available at familylife.com to add more fun!
